**#holidayhere this turtle season and witness these magnificent creatures first hand on the Southern Great Barrier Reef!** Escape to Lady Elliot Island to observe and encounter our resident turtles both above and below the water and learn about our conservation efforts underway to protect these vulnerable species. Lady Elliot Island is a significant nesting location for Green and Loggerhead Turtles. Nesting season occurs between November to March, with hatchlings emerging from January to April. Join our 'Turtle Trek' and witness nesting and hatching turtles under the expert guidance of our marine biologists, nightly from 7:00 to 9:00pm (tide dependent).
