THE COAST OF WONDERS

THE KIMBERLEY 2022-2023

“Exploring the Kimberley Coast is like peering out from a time machine. This untouched and unspoiled land is like no other on Earth and is yours to be discovered.”

ROBERTO MARTINOLI, PRESIDENT AND CEO, SILVERSEA CRUISES

*“There’s nothing like standing atop an ancient cliff
at sunset, above a sparkling waterfall,
as the untouched lands of the Kimberley stretch out before you
all the way to the horizon.”*

BARBARA MUCKERMANN, CCO SILVERSEA CRUISES

WELCOME TO THE TIMELESS KIMBERLEY COAST

The remote Australian region where time stopped

You've never seen a place like Western Australia's Kimberley. That's because few have. Unspoiled and untouched by human settlement, its vast stretches of wilderness beg to be explored. Unbelievable rock formations and beaches sculpted into amazing shapes fire up your curiosity as you go back in time to a place before history, and, in fact, before prehistory. The only human presence you encounter is the occasional indigenous painting gracing the rocky walls of the sandstone caves throughout the landscape: enigmatic works of art whose most ancient examples stretch back over 17,000 years. Everything about this uncharted area of our planet is primordial, with hidden ravines and rivers snaking their way through lush, ancient forests.

The Kimberley coast defies conventional experiences in expedition travel, as ancient mangrove forests give way to horizontal waterfalls and archipelagos that change shape several times throughout the day. While sailing its waters, you might just spot a humpback whale or two or the enigmatic saltwater crocodile. Discover all of this and more in utmost comfort and wonder, as our local experts and trusted guides give you all the inside information on the area's distinctive character, geology and features. With a variety of itineraries with our intimate ships, you'll expand your knowledge and your imagination, as you travel back to the time before Earth was even called Earth.

A CHRONICLE OF WONDER

The Kimberley at a glance

A REGION AS LARGE AS FRANCE

A region as large as France, the Kimberley's coastline stretches for 2,000km and is dotted with hundreds of small islands just begging to be explored.

36 THOUSAND PEOPLE

With a population of approximately 36,000, the Kimberley is one of the last untouched areas on Earth, with less people per kilometre than almost anywhere else.

40,000 YEAR-OLD INDIGENOUS HISTORY

With over 100 Indigenous communities and tribes across the region, including some of the oldest on Earth, this is one of the earliest settled parts of Australia.

1 KING GEORGE RIVER & FALLS

This area features Western Australia's highest twin waterfalls, the King George Falls, with a drop of about 80 metres. Sculpted into an ancient sandstone cliff, they're considered some of the most magnificent waterfalls in the world.

5 THE BUNGLE BUNGLES

Near Wyndham, the oldest and northernmost town in the Kimberley, you'll be able to admire the incredible natural sandstone towers of the Bungle Bungle Range from the air.

2 HUNTER RIVER

Featuring an immense mangrove system and soaring red sandstone cliffs, this breathtaking river ecosystem is also home to the enigmatic saltwater crocodile, visible up close and personal via a special Zodiac® tour.

3 MONTGOMERY REEF

Surrounding Yawajaba Island, this is the world's largest inshore reef. Take in the changing tides and the fascinating semi-submerged world it reveals, including an abundance of wild reef birds and sea creatures of all types and sizes.

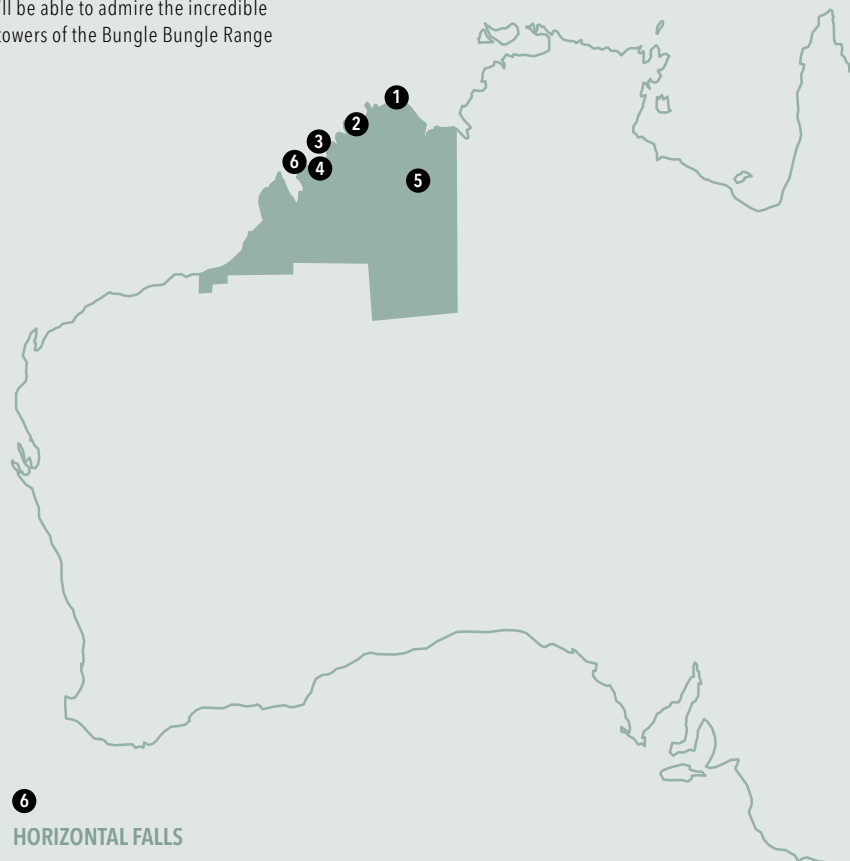

4 WANDJINA ROCK ART

The caves at Raft Point host an unusual art collection: a series of mysterious ancient indigenous Wandjina paintings. This rock art is said to depict the ancient spirits who created all the waterways, mountains and wildlife of the Kimberley.

6 HORIZONTAL FALLS

Created millions of years ago, the Buccaneer Archipelago is home to a unique phenomenon whereby horizontal waterfalls seem to ebb and flow with the tide, as reefs and islands appear, only to disappear again, right before your very eyes.

72 NATIVE MAMMAL SPECIES

178 REPTILE SPECIES

51 AMPHIBIAN SPECIES

295 BIRD SPECIES

THE SILVERSEA DIFFERENCE

The experts make the experience

The Kimberley is a land of mystery, featuring landscapes undisturbed for hundreds of millions of years and unbelievable flora and fauna found nowhere else on Earth. It's a place full of secrets just waiting to be discovered and our team of local experts are the key to unlocking those secrets. Our Expedition Team is mainly made up of Australian-born experts with years, and in many cases decades, of experience in this part of the world. They bring a wealth of highly-localised knowledge to your journey and give you the authentic take on all the wonders of the Kimberley coast. No two voyages are the same as their varied expertise yields spontaneous adventures that change from moment to moment. Our experts know how to be at the right place at the right time, as they anticipate tidal changes with ease, know the best places for spotting rare wildlife and maximise the surprise factor for you at every turn. Their areas of knowledge span the natural sciences, history, anthropology, conservation and more, so they're ready to offer a rich account of every destination along the way, ready and on hand to answer any questions you might have with expertise and enthusiasm. We're also happy to announce we

support local communities throughout the region and have partnered with traditional land owners who protect and oversee the wealth of the Indigenous art found in the caves of this magical land. Guides from local Indigenous communities, some of the oldest such communities on the planet, reveal the history and magic of moments of connection that are tens of thousands of years old for a unique window into our history on this planet.

“Our local Kimberley experts are ready to reveal all the hidden secrets of this timeless and magical coastland.”

A Zodiac® cruise along the King George River

ZODIAC® CRUISING

The Kimberley coast holds secrets big and small, and you’ll want to get as close as possible to discover them all for yourself. Get to know the varied and unique wildlife right from your seat on one of our Zodiacs®, as you explore the coastline, river and creek systems. Explore a remote inlet and float beneath fascinating layered rock formations, or take in the immense silence of beaches sculpted into unusual shapes hundreds of millions of years ago. Our Expedition Team members get you right in the middle of it all: simply climb onboard and enjoy.

Hike in Raft Point

GROUP HIKES

There’s nothing like feeling millions of years of history beneath your feet as you explore the ancient coastline with your fellow travellers and your senses. Keep a lookout for unique flora and fauna as you hike and, who knows, you might just make a new feathered friend or two as you make your way up, over and through some of the most ancient and remote landscapes in the world. You’ll be accompanied by our Expedition Team members, ready to nurture your curiosity with fascinating tidbits about the surrounding landscapes and wildlife, for an immersive Kimberley experience like no other.

Expeditions Team Lecture

ADVANCED LECTURES

Prepare for your onshore excursions with the best of the best as our expert naturalists, biologists, historians and geologists provide you with inside information on what to expect onshore and on land. From information about the unique geology of this remote region, to where and when dinosaurs roamed this part of the world, they’ll immerse you in authentic stories, about the Kimberley coast. All excursions and experiences with our Expedition Leaders are included in your cruise fare, so feel free to attend as many of our daily recaps, briefings and lectures as you like.

*All above expedition experiences are included in your cruise fare, simply set out and enjoy.

KIMBERLEY HIGHLIGHTS

An ancient coastland of adventure

No matter where you find yourself along Western Australia's Kimberley Coast, magic is just around the corner. With our broad range of unique tours and exceptional activities, you'll explore the most remote corners of this spectacular region and its most iconic attractions, on land and at sea. These include the world-famous Montgomery Reef, Mitchell Falls, the Buccaneer Archipelago's Horizontal Falls and the incredible and breathtaking rock art found along the walls of the area's many caves, like the Wandjina and Bradshaw rock art paintings. Our fabulous tours will get you right up close to these amazing features and much more, as you delve into the hidden secrets of this vast and uncharted land. You'll find yourself looking up in awe at soaring cliffs

hundreds of metres high, gazing out at the limitless horizon from atop these same cliffs, or gently floating by sparkling waterfalls that seem to ebb and flow mysteriously sideways. You'll peer through light and dark to discover the ancient artworks of the region, some over 17,000 years old, and meet unusual wildlife found nowhere else on the planet. With Silversea you get utmost peace of mind to explore the magic of your destination to the fullest as we include more activities than any other cruise line in the region. Wherever you go in this remote land of old, get ready to be surprised by something new.

Emerald water pools of the Mitchell Falls

Aerial view of Mitchell Falls

MITCHELL FALLS

Waterfalls don't usually go on for hundreds of metres, at least not lengthwise. Kimberley's remote Mitchell Falls splash down across a long stretch of the Mitchell River in four separate tiers, for a cumulative drop of over 80 metres. Carved in the Mitchell River National Park's beautiful sandstone over millions and millions of years, they've created an impressive series of shimmering emerald water pools, an amazing sight from any angle. As the river tumbles from one fall to the next, you can almost feel the primordial rhythm of this ancient land.

The Horizontal Falls phenomenon in Talbot Bay, Kimberley

HORIZONTAL FALLS

Famed natural historian David Attenborough once described Kimberley's Horizontal Falls as the "8th Natural Wonder of the World" and we tend to agree. Located in the remote Buccaneer Archipelago and created over millions of years, this unique natural phenomenon yields horizontal waterfalls that seem to ebb and flow with the tide. Reefs and islands appear, only to disappear again right before your very eyes, for an ever-changing waterscape that reminds us of the incredible power the moon has over our experiences here on Earth every day.

Aerial view of a Zodiac at Montgomery Reef, Kimberley

MONTGOMERY REEF

Covering some 300 square kilometres to surround Yawajaba Island completely, Kimberley's Montgomery Reef is the world's largest inshore coral reef. Extremely biologically diverse, its rare beauty is revealed at low tide as the entire reef slowly emerges from the sea, water cascading down from the reef top. As you gaze upon the abundance of fascinating wild flora and fauna - including spectacularly coloured reef birds and sea creatures of all types and sizes - you'll be enthralled by the way nature creates, and recreates, this magical disappearing act.

Bradshaw rock art in the Kimberley

WANDJINA ROCK ART & BRADSHAW ART

Kimberley hosts an unusual art collection, stored away for millennia in the red sandstone caves that lines its shores. At Raft Point, these caves reveal a series of mysterious indigenous Wandjina paintings, said to depict the ancient spirits who created the waterways, mountains and wildlife of Kimberley. Nearby, the Bradshaw - or Gwion Gwion - rock art paintings grace the walls of several other caves, created in a clearly different style. Though over 100,000 rock art paintings are estimated to exist in the area, oddly enough only a fraction have been recorded.

EXPEDITION DAMPIER ARCHIPELAGO Australia

SUN, AUGUST 14 | 05:30 - 22:00

Rust coloured rocks contrasting with white beaches and aquamarine seas create a scenic kaleidoscope in the Dampier Archipelago. Snorkelling here reveals a treasure trove of life with a rich biodiversity of

corals and fish. For culture and history enthusiasts, the area also contains the greatest concentration of indigenous rock engravings in the world which dates back 20,000 years.

EXPEDITION MONTEBELLO ISLANDS Australia

MON, AUGUST 15 | 05:30 - 18:00

Spectacular coral reefs and lagoons surround the islands in the Montebello Marine Park. Snorkel this underwater wonderland with an awe-inspiring diversity of coral and sea life. Green, Hawksbill and Flatback Turtles nest on beaches and provide highlights when seen in the water. These islands are also an important seabird breeding colony so keep a lookout for Roseate and Greater Crested Terns.

EXMOUTH Australia

TUE, AUGUST 16 | 07:00 - 20:00

Desert meets coral in the Ningaloo Coast. The longest fringing reef in the world, this World Heritage Area abuts the mainland shoreline of South Exmouth.

Dampier Archipelago in Karratha

Explore the wonders of Ningaloo Reef or Turquoise Bay and enjoy one of our included snorkelling excursions. Alternatively, you can step aboard a glass-bottom boat with us for an unobstructed view of the breath-taking reef. For an aerial perspective, you can choose to take an incredible scenic flight over Ningaloo Coast which will allow you to witness the striking contrast between the rugged Cape Range, the pristine white beaches and waters that can only be truly appreciated from above.

DIRK HARTOG ISLAND Australia

THU, AUGUST 18 | 05:30 - 17:30

Shark Bay on the eastern shores of the Dirk Hartog Island is a magnificent marine ecosystem inhabited by healthy herds of dugongs, turtles, pods of Bottlenose Dolphins, stingrays and sharks. The island is large and remote enough to have its own native bird - the Dirk Hartog Fairy-wren. Several other rare small birds live in the arid vegetation as well as flying birds of prey.

ABROLHOS ISLANDS Australia

FRI, AUGUST 19 | 07:00 - 12:00

History and nature rival each other to be the most fascinating drawcards of the Abrolhos Islands. The area is steeped in an infamous history of mutiny, betrayal and survival. In 1629 the Dutch ship Batavia was wrecked, with most crew and passengers reaching dry inhospitable Beacon Island. There is an unusual mix of wildlife in the Abrolhos Islands. The warm southward-flowing Leeuwin Current meets cool southern waters at Abrolhos creating homes for both tropical and temperate marine life including 400 fish species, Australian Sea-lions and Western Rock Lobsters. Seabirds mix with tropical species and on land, amongst the Nitre shrubs and Saltbushes, are Abrolhos Painted Quails, Dwarf Bearded Dragons and shy Tammar Wallabies.

Along with exclusive experiences across all seven continents, we also offer exclusive, value-enhancing programs. All programs are capacity controlled and subject to availability.

Fare Guarantee Program

Silversea's Fare Guarantee Program provides you with the peace of mind in knowing that when you plan ahead and book early, not only will you be able to reserve your desired suite, but you can also benefit from any future reduction in the Silver Privilege Fares for your voyage, upon request.

Silver Privilege Fares

Book early for the best fares and availability; Silver Privilege Fares are structured to reward guests who book early with the best possible fare and the privilege of being able to select their desired suite when the best inventory is available. All Silver Privilege Fares shown are cruise-only per guest, based on double-occupancy. Availability of all suite categories cannot be guaranteed. Fares for single guests are available upon request. Additional restrictions may apply.

Onboard Savings

Book your next voyage while you are sailing and save 5% on select voyages.

Extended Voyage Savings

Combine two or more consecutive voyages and enjoy a 5% additional benefit.

Solo Travelers

Single fares are available on all voyages ranging from 25% - 100% above the double occupancy fare.

Travel Insurance Program

For bookings made by US residents, Silversea offers an optional travel protection plan to guests. Silversea encourages the purchase of the optional Allianz Global Assistance travel insurance plan for the full purchase price of your cruise as well as air and/or land program costs to safeguard your investment and provide peace of mind during your travels. For full details, including pricing, terms and conditions, please visit silversea.com.

Silver Sky Air Program*

The Silver Sky Air Program extends Silversea's premium level of service beyond your ocean voyage for the ultimate ease in travel. Silversea maintains relationships with most international carriers to ensure that the best airfares and schedules are available in order to make traveling to and from your cruise as convenient as possible. Silversea's standard air package includes roundtrip Economy Class airfare and transfers between airport and pier on embarkation and disembarkation days. In conjunction with select flights, an overnight stay at a Silver Shore Hotel property will be added to the air package at the time of booking as an optional component and for an additional charge.

My Silversea

Designed to make travel planning easier, My Silversea is a personal profile area which enables you to view and manage bookings, customize your onboard experience, arrange activities prior to your voyage, and access a host of additional features. You will be able to pre-book speciality restaurant dinner reservations in advance (from 120 to 7 days prior to sailing), along with optional shore excursions, beauty, spa and fitness services.
